

DesiMax® Self-Adhering Desiccant

DesiMax® Desiccant Labels

Now you can protect your product packaging against moisture damage with DesiMax, the world's first and only moisture adsorbing label. DesiMax labels feature an ultra-thin, low profile design that makes them seemingly invisible.

They require little space and are easily adapted to your packaging

either in a free-floating or pressure-sensitive label format.

The DesiMax desiccant label offers the solution to low level humidity-related problems in a wide variety of packaging applications and is ideal for use in the packaging of pharmaceuticals, diagnostic test kits, medical products and electronics.

Advantages

Adhesive-backed to allow positive placement within your package.

- Made to eliminate potential co-mingling with products
- Dust-free
- Easily applied with high-speed dispensing equipment
- Designed to fit easily into your packaging and can be custom printed with your company graphics, promotional copy, instructions, etc.
- Supported by a Type III Drug Master File

Applications

- Cap Liners
- In-Vitro Diagnostic kit packaging
- Transdermal pharmaceutical delivery system packaging
- Foil pouch packaging
- Products packaged in powder form
- Static Control pouches and bags

Maximum Versatility for Protection Against Moisture

The flat, flexible format of DesiMax makes it one of the most unique desiccants available. In its typical form, DesiMax is a square, flat label. It can be made into any shape to meet your manufacturing needs and package limitations. No matter what shape or form, DesiMax can be adhesive-backed with a

number of adhesive systems for specific applications. Dust-free and supported by a Type III Drug Master File, DesiMax can be affixed, attached or incorporated onto the packaging material so it won't co-mingle with the product

Custom Designed for your Application with Prototypes Available for Shelf Testing

Because individual needs vary for different applications, Multisorb Filtration Group's technical staff will work with you in custom designing a DesiMax label to meet your

specific humidity-related needs. With over 45 years of experience, we have built a wealth of expertise and knowledge unmatched by any other manufacturer in the industry.
