

Choice[®] MicroFiber Mop

White MicroFiber String Mop

Microfibers are tiny fibers that have been split to produce ultra-fine fibers estimated to be at least one-sixteenth the size of a human hair. When woven together these fibers create a surface area covered with millions of spaces between the

fibers to trap moisture, dirt and debris. This technology allows for the dirt and liquids to be “picked up” rather than being pushed around.

Composition and Attributes

- White 88% polyester/12% nylon microfiber string mop with blue headband and tailband
- Microfiber yarns attract and trap dirt and debris
- Terry knit structure enhances absorbency to increase efficiency
- Tubular knit construction with sewn head and tail bands provides added durability
- Lot number assures traceability
- Chemical resistant and non-abrasive
- Autoclavable
- Can be laundered and re-used

Applications

- Floor cleaning in critical environments
- Application of disinfectants
- Spill pick-up
- Works with most standard loop mop frames and bucket/wringer systems
