

4018 MECHANICS'+

MECHANICS' STYLE

Our 4018 is the first mechanics' style glove to rate a Level 5 on the ISEA scale for cut-resistance, putting it at the top of the performance scale for maintenance and mechanics'. The gloves introduce innovative industrial puncture protection into a product that stands up to the roughest applications while allowing users the dexterity and durability necessary to get the job done. HexArmor® products are engineered to provide users with the highest levels of protection in areas where risk is the greatest.

Experience the Science of Safety™ that has helped reduce injuries and lower PPE costs in the harshest work environments.
