

# Comets®

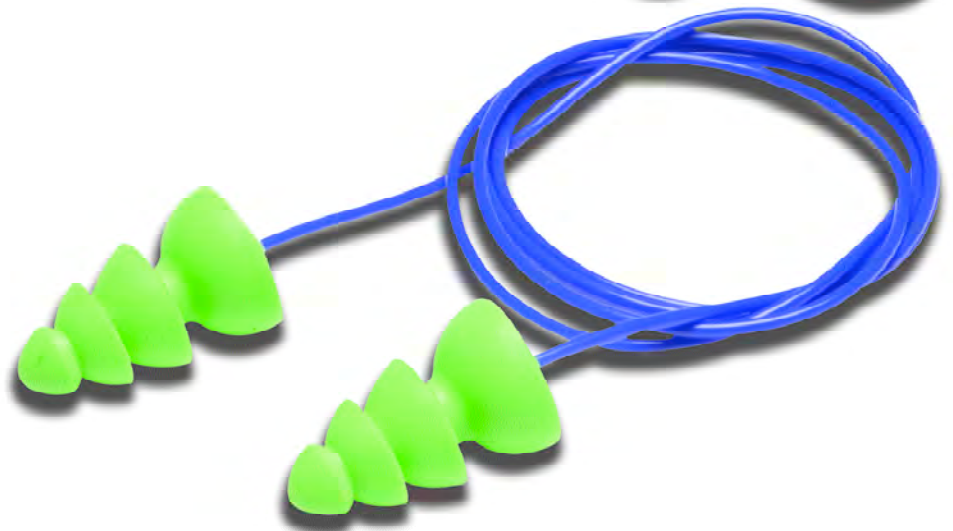

## Reusable Earplugs

6490 Uncorded  
6495 Corded

### FEATURES

- NRR 25
- Hearing protection at your fingertip.
- A user friendly finger pocket makes Comets easy to insert.
- Extra soft material and an air-cushioned tip provide all-day comfort.
- Soft triple flange adjusts to most size ear canals to hold the plug securely in place.
- Bright green color for easy compliance checks.
- PVC-Free
- Available in corded and uncorded models.

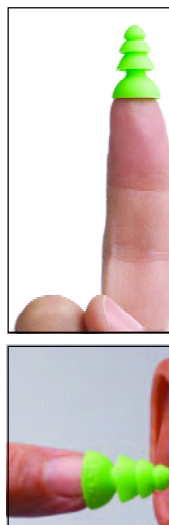

### BENEFITS

#### UNIQUE "FINGER FIT"

Comets are the first reusable earplug to feature an innovative "finger fit" that allows the user to easily guide the earplug directly into the ear canal providing a custom fit.

#### COMFORT AND CONVENIENCE.

Reusable earplugs don't need to be uncomfortable. Comets feature a triple flange design that provides maximum comfort, even when worn for a full shift. And the user friendly finger pocket helps workers insert the plugs correctly. A wide variety of workers' finger types can easily grasp the plugs, even in extreme hot, humid work environments.

#### ECONOMICALLY PRICED.

Comets are a cost effective alternative for even the tightest budget. You can get the comfort and protection your workers need, without breaking the bank.

#### MOLDEX TECHNICAL ASSISTANCE.

Moldex provides all of the technical assistance required to set up a hearing protection program. For more information call 800/421-0668 ext. 512/550 or email: [sales@moldex.com](mailto:sales@moldex.com) or visit [www.moldex.com](http://www.moldex.com).

### TECHNICAL SERVICE

For technical assistance, information and training materials, call Moldex Technical Service Department, 800/421-0668 ext. 512/550 or 310/837-6500 ext. 512/550.

### MEAN ATTENUATION DATA OF COMETS®

Frequency (Hz)	125	250	500	1000	2000	3150	4000	6300	8000
Real Ear Attenuation (dB)	32.4	31.4	32.3	29.5	33.7	37.2	37.8	43.0	44.9
Standard Deviation (dB)	3.2	3.0	3.1	2.9	3.5	4.3	4.4	3.9	5.0

Independently tested in accordance with ANSI S.319-1974 by Michael & Assoc., Inc. State College, PA.  
EPA Noise Reduction Rating 25 decibels.

### ! WARNING

Comets Reusable Earplugs must be fitted and worn correctly to provide effective protection. Wash or clean hands before use. Plugs should be routinely washed with mild soap and warm water. **CAUTION:** Remove with a slow twisting motion to break the seal. Due to the tight seal, rapid removal may damage eardrum.

Use this laboratory-derived attenuation data for comparison purposes only. The amount of protection afforded in field use often is significantly lower depending on how the protectors are fitted and worn.

Failure to follow all instructions could result in hearing loss or injury. Failure to obtain a proper fit will reduce effectiveness of hearing protectors and could result in hearing loss or injury.

Comets must only be used as part of a hearing conservation program that complies with applicable local safety and health regulations.

Overprotection can be dangerous. The wearer must be able to hear warning signals.

Wearers with hearing loss should exercise extreme caution.

It is the employer's responsibility to ensure that the type of hearing protector and its NRR is appropriate for the user in their particular workplace.

Use caution when working around machinery or other equipment to ensure neck cord does not become caught or entangled.

Failure to follow these warnings could result in serious injury or death.
