

BOURTON™ BUMPCAP

OXFORD, ENGLAND

A light and comfortable cap that's designed ONLY for accidental bumping or scraping of the head.

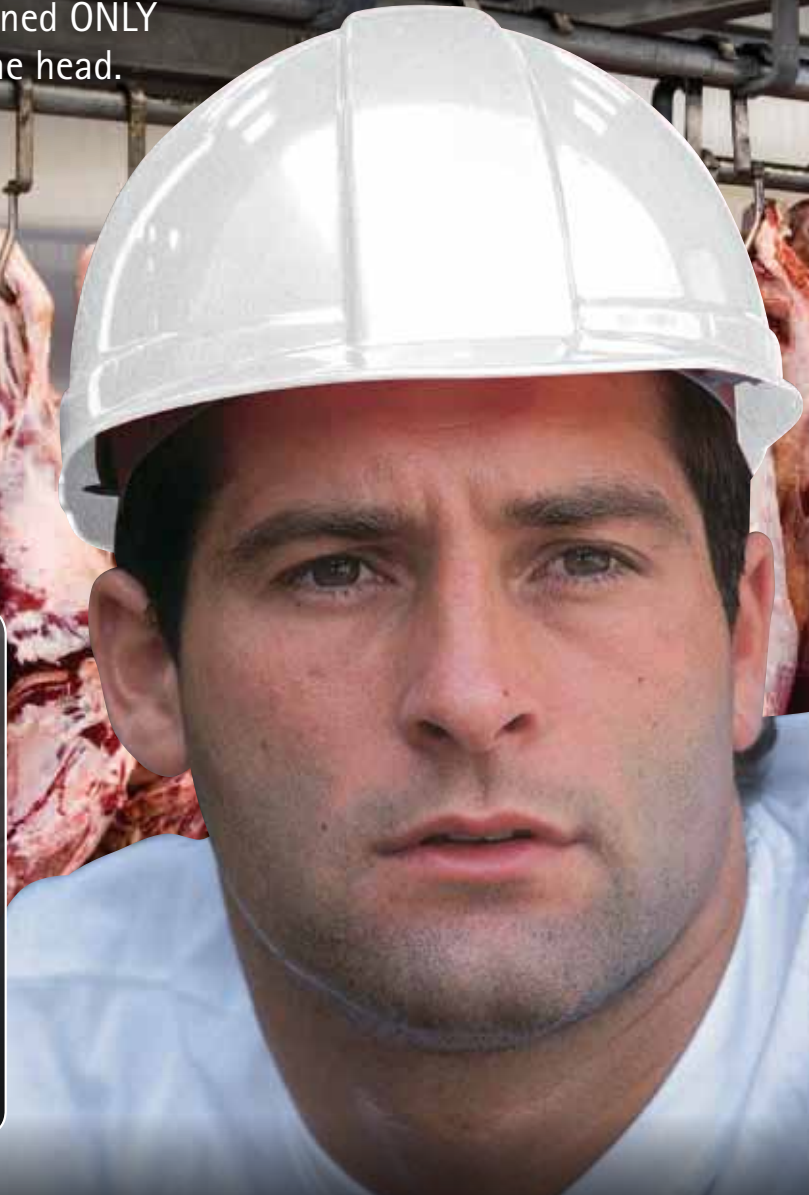

STANDARD POLY HARNESS

**COMFORT PLUS HARNESS
WITH SWEAT BAND**

- ✓ **CONFORMS TO EN 812***
- ✓ **4-POINT SUSPENSION HARNESS**
- ✓ **LIGHTWEIGHT POLYETHYLENE SHELL**

*European Standard EN 812 specifies the quality requirements for bump caps. Bump caps are intended to protect your workforce ONLY against minor bumps to the head, typically from low ceilings or hanging items in the workplace. While they may provide some protection against small impacts and minor sharp objects, they are NOT a substitute for full safety hard hats since they ARE NOT designed or tested for protection against falling objects and heavier impacts.
