Rhino, Cut and Slash Resistant **DYNEEMA®/STEEL WIRE-CORE** Gloves

FUNCTIONAL BENEFITS:

Knit from a high tech yarn which is a combination of a stainless steel core wrapped with a tough Dyneema™ man-made fibre for exceptional cut resistance

Good abrasion resistance with great comfort and dexterity

Machine washable

Ambidextrous design

APPLICATIONS:

Sharp edged material

Knives

Cut and Slash Resistant Dyneema®/Steel-Wire-Core Gloves

These gloves are knit from a high tech yarn which is a combination of a stainless steel core wrapped with a tough Dyneema® man-made fibre. These gloves give exceptional protection against cuts from sharp edged materials and knives. They stand up to repeated washings. Gloves are ambidextrous and sold individually. "Black Rhino" is ideally suited for industrial applications, "White Rhino" for food applications. Sold per piece.
