

# PLANTS, NOT PLASTIC

Vegware plant-based catering disposables are made from renewable, lower carbon, recycled or reclaimed materials, and can be composted along with food waste.

Once taken to composting, it will break down in a commercial composting facility in less than 12 weeks.

## PAPER & CARD

Sustainably sourced kraft board, using recycled content where we can. Clear plant-based PLA window.

## PLA & CPLA

Strong & light. Plant-based. Clear PLA for cold use, CPLA for hot.

## NATUREFLEX

Clear film made from wood pulp. Anti-grease, heat sealable.

## BAGASSE

Reclaimed sugarcane. Sturdy & practical, for hot and cold use.

## SHEETS

Sustainably-sourced unbleached paper. Wax coated for grease resistance.

## INKS

Water- or vegetable based, with a great print finish.
