

Small Wonder

The SLIMFOLD* Towel System

A little innovation makes a big difference.

The washroom world is really humming over this latest advance in innovation and value. Its unique design fits the tightest spaces inside or outside the washroom. One-at-a-time dispensing reduces waste. Plus exclusive ABSORBENCY POCKETS* provide excellent absorbency and hand-drying performance in an environmentally sound product. Better and better value for your business.

Small wonder, indeed.

Introducing The Space-Saving Small Wonder: The SLIMFOLD* Towel System

Just about everyone has a single restroom, break area, wash-up sink or other small space where typical towel dispensers are just too big. Enter the innovative KLEENEX® Brand or SCOTT® Brand SLIMFOLD* Towel System, specifically designed to fit into tight places without sacrificing hand-drying performance.

The secret of this “small wonder” lies in designing high-performance towels with an innovative fold, then engineering an ultra-slim dispenser to fit neatly into the tightest spots.

Dispenser keeps towel clean and hygienic prior to use

Easy to view and load dispenser for lower maintenance and reduced risk of run outs

Delivers one-at-a-time dispensing, reducing waste

Exclusive ABSORBENCY POCKETS* with fast-drying ridges deliver better absorbency

KLEENEX® towels provide superior hand-drying performance and user satisfaction. KLEENEX® is the name that says premium quality and homelike comfort.

Reduced packaging size allows easy storage of extra towels in cabinets or closets – no bulky boxes

No wonder it fits most anywhere.

A compact 14 inches high and 2.75 inches deep, this innovative design dispenses a regular-sized towel that folds five times instead of two for the same drying ability in a compact size. The dispenser accommodates up to 275 towels to help reduce maintenance.

No wonder it dries so well.

Innovative UCTAD Technology gives these towels outstanding hand-drying performance compared to competitive towels. This exclusive technology ensures superior performing, environmentally sound products.
