## Putting your efficiency first.

At WYPALL\*, we know that improving value and overall efficiency is important to you – and that's our number one focus. We'll work closely with you to resolve workplace hygiene challenges and enhance efficiency with innovative products you can trust – today and tomorrow.

## Efficient performance. Delivered.

The new WYPALL\* X90 Cloths, our highest performing wiper, provide 75% more oil absorption and 35% more water absorption.

How? By hydro-entangling polyester fiber for softness and oil absorbency and wood fiber for water absorbency with mega-strong spunbond material using our HYDROKNIT\* Technology. The result is *one half* of an X90 Cloth. By bonding two plies together, the new WYPALL\* X90 Cloth becomes two plies of pure efficient performance.

These super-soft cloths are ideal for heavy wiping, prepping surfaces with solvents, and cleaning metal shavings and rough surfaces.

55 gallon drum of oil

more efficiency.

### The less you use it, the more you like it.

Because the new WYPALL\* X90 Cloths are more absorbent than other industrial wiping solutions – especially shop towels and rags – you can use less for every cleanup, every workday. And since they're also reusable, you'll get more use out of every sheet.

Ready to cut your costs for waste disposal, freight and storage required with shop towels and rags? Switch to clean, safely disposable WYPALL\* X90 Cloths – and help reduce worker exposure to harmful contaminants.

Yes, the advantages add up to more efficiency and productivity for your business with every WYPALL\* X90 Cloth order.

You can achieve up to 35% less product waste<sup>†</sup> versus other industrial wiping solutions – and we guarantee 20% savings overall. Moreover, our innovative dispensing solutions are portable, so wipers can be taken to where they are needed.

**The bottom line?** Less is more with the new WYPALL\* X90 Cloths – less use, less waste and more performance – so the less you use it, the more you'll like it.
